File No. S.Misc. 11/2017 –DPD

Date:- 01.XI.17

FACILITYCIRCULAR No. 22/2017

Sub:Extension of facility of Direct Port Delivery(DPD) at Chennai Port,Ennore Port and Kattupalli Port- Regarding.

Attention of the Importers, Exporters, Trade & industry, Customs Brokers, Ports, Port Terminal Operators, Shipping Lines /Shipping Agents, CFSs and all other stakeholders are invited to Public Notice No. 147/2006 dated 5.6.2006, Facility circular No. 23/2016 dated 25.10.2016 and Facility Circular No. 05/2017 dated 28.02.2017 regarding Direct Port Delivery.

1. Direct Port delivery – A key commitment in TFA:

In the backdrop of Government of India ratifying the Trade Facilitation Agreement (TFA) of World Trade Organisation(WTO), CBEC has initiated far reaching changes in the interest of genuine trade so that facilitation measures are in sync with the requirements of TFA. In order to keep up with the commitments of the TFA, CBEC has made operational a revamped AEO programme to benefit all stakeholders in the international supply chain. Direct Port Delivery (DPD) is a facility which is one of the key assurances of the AEO scheme for expedited clearance of goods directly from the Port, thereby reducing the transaction time and cost considerably for Trade and Industry. Further, as per Article 2.1 of TFA, consultation with stakeholders is a prerequisite for effectuation of rules and regulations.

In tune with Article 2.1 of TFA, a draft Facility circular containing the operational procedures was hosted in the website of Chennai Custom House inviting suggestions and views from all the stakeholders including Partner Government Agencies (PGAs). This was followed by an outreach program on 11.10.2017 wherein the salient features of TFA and DPD were explained. Further, separate meetings with individual stakeholders were also held before finalising this facility circular.

At the outset based on the feedback from the stakeholders, it is stated that the following are direct benefits to the importer from this DPD facility:

- i. The prompt and timely delivery by the port terminals will help in reducing inventory cost.
- ii. Saving of transportation charges from port terminal to customs bond warehouses/CFSs.
- iii. Saving of handling and storage charges at warehouse/CFSs.
- iv. Saving of container detention charges payable at shipping lines.
- v. Delivery of DPD container at port terminals is on 24x7 basis.

In the present context, DPD facility is available to AEO status holders in terms of TFA and CBEC circular 33/ 2016 dated 22/7/2016. Further, Chennai being an auto hub, Facility circular No.23/2016 dated 25/10/2016 was issued to facilitate DPD to automobile manufacturers. This apart and in furtherance of trade facilitation, it has been proposed to broadband the number of importers who can avail DPD facility based on their past compliance levels, the percentage of RMS facilitated B/Es, volume of containers and based on the assessment by this office on their ability to comply with the conditions stipulated in this PN. Accordingly, a list of all importers who have been brought within the purview of DPD is enclosed as Annexure A to this PN. For importers availing the DPD facility but subsequently coming under adverse notice, their DPD facility shall be withdrawn by Competent Authority.

2. Eligibility for DPD facility:

All importers listed in Annexure A to this Facility circular shall be eligible to avail DPD of their containers subject to the conditions as laid down below.

2.1 Registration for DPD facility with Port terminals:

The Importers listed in Annexure A (excepting AEOs) shall register and upload scanned copies of the following documents through the page available on the Chennai Custom House website DPD (www.dpdchennaicustoms.in) or (the link can be accessed through www.chennaicustoms.gov.in)

- a. Request letter for availing DPD facility on the importers letter head.
- b. List of authorised signatories of the DPD importers.
- c. Self-attested copies of PAN card. (Company PAN card in the case of Partnership, Private Limited, Public Limited company and Proprietor's PAN in the case of proprietorship firm).
- d. Letter of authorization given to the Custom Broker attending to such imports on behalf of the importer.
- e. Details of the company official with photos and signatures, in case of self-clearance.

Upon scrutiny of such applications by DC(DPD), an electronic letter of Permission(e-LOP)/ rejection will be e-mailed to registered email id of the Importer informing the basis of acceptance or rejection of his request. In case of acceptance, the e-LOP and the documents uploaded by the registered Importer shall be transmitted to all 3 Port Terminals and Port Trust for processing of registration by Terminals and assigning DPD code. The said registration process has been exempted for AEOs. However, it is advised that all importers availing DPD get registered through DPD website so that the said interface helps in informing them of the status of the cargo by the automated message exchange system. A separate online form has been provided for AEOs in this regard and can be accessed on the DPD website as above.

In addition to the AEO clients and Importers mentioned in 'Annexure A', those Manufacturer importers who are interested in availing the said facility may also apply to The Deputy Commissioner (DPD), Customs house, Chennai through the Single window DPD website for processing of their request as above.

3. Conditions for availing DPD facility:

3.1 The DPD facility shall be available only to Full Cargo Load (FCL) containers facilitated by RMS

- Non facilitated B/Es of DPD importers are also permitted to take DPD, subject to the conditions as laid down in this Facility circular.
- Importer/ Customs Broker shall file Advance Bill of Entry.
- The importers shall preferably discharge Customs duty and other dues to the respective stake holders in advance.

- The Shipping Lines shall ensure the issuance of an advance e-DO so that importer takes delivery of the cargo on its arrival at the terminal.

3.2 Timelines for clearance of the DPD containers and 'DPD Facilitation Centre'

- Keeping in view the Regulatory Authority's ruling through TAMP orders issued to Port Terminals time to time, the operational procedures for the then ACP importers (now AEOs) shall be in accordance with the said orders.
- In the case of other DPD importers listed in Annexure A, the containers shall be moved out/evacuated within 2 days of its landing in the terminal.

Note: The time period of 2 days of landing shall be reckoned from the time the last container in the vessel makes its landing in the terminal. (i.e. The vessel laden with DPD container while discharging the said container shall factor in, the time limit only after having unloaded the last container in the DPD container laden vessel.) The terminal operators shall send an e-mail to DPD cell informing the date and time of the completion of unloading of the last container in the vessel.

- Clearance of all RMS facilitated Bills of Entry for the importers mentioned in 'Annexure A' shall be effected through DPD Facilitation Centre only.

3.3 Designated CFS for DPD containers

In case DPD importers are unable to clear their containers within the above stipulated timelines, such containers shall be moved to CFSs as preferred by the importers. To avoid time delays in evacuation of containers to CFSs of importer's choice, the importers are advised to register their preferred CFSs with the Terminal operators so as to ensure en-block movement of containers expeditiously. In absence of importers exercising the preferred CFSs, the said containers will be moved en-block to the designated CFS.

4. Scope of 'DPD Facilitation Centre':

4.1 On arrival of vessel and payment of customs duty, the importer/CHA shall approach the DPD Facilitation Centre for obtaining "out of charge" (OOC) for DPD containers.

4.2 It is clarified that the term 'Importer' in this facility circular would include:

- i. Importers mentioned in Annexure A to this Facility Circular.
- ii. All AEO clients.
- iii. Reefer container importers as per existing FC 4/2013 dated 29.04.2013.

During the consultative process with the stake holders, it has been given to understand that in certain instances DPD facility could be affected due to procedural process Viz.,

1. Non-facilitated B/Es of AEO importers that warrant examination.
2. Non-facilitated B/Es of DPD importers (other than AEOs) that warrant examination.
3. Containers selected for scanning.
4. Consignments requiring NOCs from PGAs.

By analyzing the profiles of the DPD importers and to strike a balance between Trade facilitation measures, safety and security, it has been decided that the said DPD importers can take delivery of their containers for storage at their factory premises on execution of a 'No- Use -Bond' as given at Annexure-C to this circular.

- 4.3 Accordingly, containers selected for examination /scanning/ PGAs NOC for category DPD importers, shall be moved to the CFS while the other containers can be moved to importer's factory premises on execution of a "No- Use bond". If the containers selected on examination are found to be clean then, the importer is at liberty to destuff the containers at his factory premises. In case of discrepancy being noticed during examination, the importer shall present the remaining containers for examination, at the approved place of storage of the container.
- 4.4 For goods wherein provisional NOC is granted by FSSAI, such containers shall continue be cleared as is being cleared now.
- 4.5 In all cases of containers involving testing of goods which do not pass the test parameters of the PGAs, shall be subject to penal provisions as given in the relevant Act, Rules and Procedures in this regard.
- 4.6 Procedure for sampling is laid down in para 7.2 of this Facility circular.
- 4.7 **Containers selected for scanning**
- 4.7.1 At present, an importer gets to know about the selection of his container for scanning only when he gets the EIR copy. To remove difficulties and for quicker clearance a facility for informing DPD importers about their containers selected for scanning has been put in place at the DPD facilitation centre.
- 4.7.2 Containers selected for scanning, shall be guided by procedures as laid down in PN 157/2016 dated 11.07.2016. As the stake holders get to know of the containers selected for scanning through the DPD Facilitation centre, such containers shall be presented by the stake holders to the CSD yard. The remaining containers can either be moved to the importers premises on execution of 'No Use Bond' or to CFS DPD area as the case may be.
- 4.7.3 Containers selected for scanning, if marked 'SCANNED CLEAN' on EIR copy by CSD, the Importer can approach the DPD Facilitation Centre and submit the said EIR Copy for the processing and printing of OOC. If the containers selected for scanning are marked 'SCANNED MISMATCH' by CSD, the importer/CB shall move the mismatched containers to Preferred CFS/Designated CFS for 100% examination and processing of OOC thereof.
- 4.7.4 If the container 'SCANNED MISMATCH' containers on examination found to contain any discrepancy, the rest of the container moved under 'No Use Bond' to the importer's premises has to be brought to the same CFS for further examination.

5. **Procedure for Obtaining OOC from 'DPD Facilitation Centre':**

5.1 For facilitated Bills of Entry, the Importer/CB shall produce/submit the requisite documents (same as being submitted presently before Officers giving Out of Charge in various CFSs) before the Appraiser/Superintendent posted at 'DPD Facilitation Centre'. The concerned officer shall register the Bill of Entry, scrutinize the documents and after being satisfied on the correctness of payment of Customs duty (including ADD or CVD/IGST or Safeguard Duty etc.), compliance of CCR instructions etc., shall give out of charge with a condition that verification of the Container No. and Seal No. shall be carried out by officers posted at the Port Terminals or by the gate officer of the CFS, as the case may be.

5.2. The "out-of-charge (OOC)" copy of the B/E shall be signed by the concerned Appraiser/Superintendent with his name and seal and the same shall be handed over to the Importer/ CB.

6. **Procedure for RMS Bills of Entry having PGA interface:**

6.1 **Advance filing with PGAs:** The importer/CB on filing Advance/prior bill of entry get to know the PGA to which the B/E has been referred to. Immediately the importer/ CB shall submit an advance application with necessary documents to PGAs for Sampling procedures at terminals (in case of Direct delivery from Port to factory) as soon as the containers are unloaded at terminals and ensure test report/NOC/provisional NOC at the earliest possible time so as to ensure that delivery of containers to the importer is done within the stipulated time lines.

6.2 If the B/E of a DPD importer requires clearance from PGAs/referred to PGAs, the said importer can exercise his option for filing a Warehouse BE or Home consumption BE depending on his convenience.

(I) PGA clearance procedure through Warehouse B/E

The importer/CB shall file an advance Warehouse Bill of Entry, by furnishing a one-time Bond, at the Bond Section. The Warehouse B/E shall then be registered in the DPD facilitation centre to get OOC. Necessary mechanisms have been put in place so that at the time of ex-bond clearance, such consignments are not cleared without NOCs from PGAs. In this regard, the Bonded warehouse issuing the space certificate for the stake holder shall calculate the charge payable from the date of Physical warehousing of the goods and not from the date of issuance of Space Certificate. The importer may also avail the facility of clearance of goods from warehouse to his premises under 'No Use Bond' without waiting for PGA NOC.

(II) PGA clearance procedure through Home Consumption B/E

The DPD importer can file an advance Home consumption B/E and clear the containers directly to the factory from the port or to the preferred CFS for storage. PGA sampling shall to be done at the terminal if the Importer wants to move the containers to factory or to the preferred CFS as the case may be under 'No Use Bond'. In cases of consignments, where mere documents are scrutinized for grant of NOC (like the majority of cases in ADC) such Bs/E may be cleared in Home Consumption mode as per the existing procedures and ADC shall furnish a report on the same day of furnishing of documents by the stakeholders.

7. Sampling by PGAs:

7.1 For the Warehouse BE, sampling can be done at the Terminal/Bonded Warehouse and sampling of goods for Home Consumption can be done at the Terminal/preferred CFS ('DPD area'). After drawl of sample in the terminal the container will be resealed with Custom one-time seal and will be moved to the CFS under the same seal under 'No- use bond'.

8. Procedure for NO USE BOND

In order to streamline the procedure of execution and monitoring of "No Use Bond" executed by DPD importers, the following procedure is prescribed and should be followed, hence forth—

"No Use Bond", (which is an Undertaking given by the Importer for not breaking the container seal of the unopened containers/utilizing the goods, until they receive NOC from the respective PGA or Customs) shall be submitted to the concerned Group in the Custom House. No use bond can be executed under the following three circumstances:

- i. Pending NOC from the PGAs
- ii. Containers selected for examination
- iii. Containers selected for scanning

Importer has the option to submit separate "No Use Bond" for each Bill of Entry or "Continuity 'No Use' Bond" for recurring imports. The No-use bond shall be akin to an undertaking whereby the importer undertakes not to use the goods pending receipt of positive test report/ cause of action from the PGAs/ Customs. The procedure for registration of No -Use Bond

shall be akin to the Undertaking that is being registered in the Groups. Marking of containers in the case of non- facilitated B/Es shall be done by Superintendent – DPD Facilitation Centre.

8.1 In the case of sampling by PGAs/Customs, sampling can be done at the Terminals. Till the receipt of the positive report of the said samples, the containers can either be moved to the importers premises on execution of No-Use Bond or to the CFS DPD area for storage.

8.2 In case of discrepancy being noticed, the containers moved to importer premises under No-Use Bond shall be examined by the officers in importers premises and for DPD CFS containers, examination at the DPDCFS area shall be done and penal action initiated as per law.

9. Role of importer and CHA:

9.1 Advance intimation:

All DPD importers (**Annexure-A**) shall submit, at least 72 hours in advance, to the Shipping Lines through their registered e-mail ID all details such as Bill of Lading No, Details of Consignment, Stacking code (see Para Sl. No. 9.2), Preferred CFS for storage after OOC as mentioned in **Annexure-B** to this Facility Circular with attached copy of their Letter of DPD permission. A copy of the same shall be forwarded to Customs Terminals, and concerned CFS through e-mail.

9.2 Advance submission of Original Bill of lading:

After the submission of advance intimation to shipping line by Importer, the Shipping Lines/Agents shall by default generate an advance invoice immediately for the period up to port **free days without waiting for request from the importer** or up to the days if any advance request placed by the Importer/Customs Broker. After the receipt of advance Invoice, the Importer/Customs Broker shall make payments as per the invoice to the Shipping Lines/Agents (as per their mutual agreement) and submit the relevant documents viz 'Original copy of Bill of lading' duly endorsed to shipping line, well in advance before the arrival of the vessel and obtain advance E-DO from Shipping Lines/Agents. In case where Original Bill of Lading is not available then the importer shall submit Express BL, Surrender BL, Telex release and Seaway Bill, the same shall be submitted by the Importer through email to Liners.

9.3. If an importer (who is entitled to avail DPD Facility) fails to intimate the shipping Lines/Agent in advance then in such cases, containers will be evacuated to the preferred CFS /designated CFS.

10. Responsibilities of Shipping Lines/Agents.

10.1 **IGM CODE:** The CFS code shall be left blank by Shipping Line/Agents while filling the IGM for Chennai Port, Kattupalli Port and Ennore Port. The blank column against the container number with a blank CFS code signifies that the said containers are DPD containers.

10.2 During the consultation process with stake holders, concerns were raised on different format of data being manifested by the liners and Trade while filing Advance bill of entry which causes situation to amend Advance bill of entry. Hence Liners shall share with the DPD importers, the format of the data which shall be manifested 72 hours in advance to facilitate the filing of advance Bill of entry.

10.3 '**Stacking Code**': Shipping Lines/Agents shall, while filing IAL (Import Advance List) in respect the said DPD importers shall indicate the stacking CODES in the following manner and their treatment shall be as follows:-

Sl. No.	STATUS	Stacking CODE
1	Annexure A client using own transport/not mentioning any Stacking code	DPDDPD
2	Annexure A client giving intimation regarding Preferred CFS for storage/CFS transport/No advance intimation received.	DPDCFS viz. DPDAGL, DPDGDL etc.
3	En-block movement of Annexure A client to designated CFS (if preferred CFS not intimated).	DPDBLL (Balmer Lawrie)

10.4 However, if the DPD importer has not indicated any "Stacking Code", then container should be stacked in DPDDPD stacking.

10.5 Shipping Lines/Agents shall issue advance e-DO as per the procedures required to issue Advance Electronic Delivery Order (e-DO) as mentioned in the paras supra.

10.6. The IAL Code for normal PNR containers (i.e. non-DPD clients) will remain same viz. PNAGL, PNGDL etc. as per the practice being followed by Shipping Lines/Agents and Port Terminals.

10.7 Shipping Lines/Agents shall forward a copy of IAL for every vessel to Customs through **email** and Terminal well in advance before the berthing of the Vessel.

11. Responsibilities of Terminal Operators:

11.1 Separate Stacking of DPD containers: To ensure expeditious delivery of containers, Terminal Operators shall,

- (i) Stack DPDDPD containers separately.
- (ii) DPDCFS containers (DPD Client opted for preferred CFS through Advance intimation shall be stacked separately in CFS stacks (i.e. normal PNR containers) stacking.
- (iii) Port terminals should mark the stacking code (DPDDPD/DPDCFS) on the EIR (Equipment Interchange Receipt) copy of DPD containers.

11.2 Advance intimation to terminals if B/E is not RMS facilitated:

In the case of non-facilitated B/Es the DPD importer shall intimate the Terminal Operator in advance through e-mail to stack their containers in preferred CFS stack rather than in DPDDPD stack.

11.3 Special cases:

Wherever a(i) DPD client's B/E is selected for examination (non-facilitated) or (ii) RMS intervention by DPD section or (iii) CSDMISMATCH etc. then on receipt of such request from the IMPORTER/CB, the terminal shall facilitate delivery of those containers immediately to the CFS requested by the Importer (i.e. Preferred CFS or designated CFS). It is clarified that the terminals for moving out such containers need not wait for the time limit as stipulated under TAMP order/ this facility circular and such time limits are not applicable in such cases. The date and time of completion of discharge of vessel should be intimated to DPD facilitation centre through email.

12. Procedure for Verification of Customs Out of Charge (OOC):

12. (i) DPD Importer using own transport arrangement is as follows:

The verification process and the functional responsibilities of various stake holders in the case of DPD Importers using their own transport arrangement is as follows;

Verification	Responsibility	Place/stage of verification
Verification of OOC	(i)Terminal Operator (ii)Customs	(i) Before release of Container to Importer. (ii) By the Customs officer posted inside the Terminal before the exit of Container from Port Terminal.
Verification of Delivery Order	Terminal Operator	Before release of Container to Importer
Verification of Container No. Seal No.	Customs	By the Customs officer posted inside the Terminal before the exit of Container from Port Terminal

12.(ii) DPD importer using CFS logistics and routing their containers through CFSDPD Area:

It is also clarified that in such cases, where CFS Logistic transport is being used (“CFS Code” as “Stacking code”) for evacuation of DPD containers, it is the responsibility of concerned CFS to ensure that Customs Out of Charge (OOC) has been obtained before the container leaves the Port Terminals & enters the CFS DPD area. Officer at the gate of CFS will verify the compliance (OOC obtained before the container leave the Port Terminals & enter the CFS).

The verification process and the functional responsibilities of various stake holders in this mode are given below;

Verification	Responsibility	Place/stage of verification
Verification of OOC	(i)CFS (ii)Customs	(i)Before release of Container to Importer. (ii)At the time of entry of container in CFS as well as at the time of exit from CFS DPD Area.
Verification of Delivery Order	CFS	Before release of Container to Importer

Verification of Container No. Seal No.	Customs	At the time of entry of container in CFS as well as at the time of exit from CFS DPD Area.
--	---------	--

12.(iii) DPD Importer using the CFS logistics opting for DPD to importers premises:

It is clarified that where the DPD Importer is using the CFS logistics/CFS transport arrangement and the container is not routed through CFSDPD Area and delivered directly to the DPD Importer premises, The verification process and the functional responsibilities of various stake holders in this mode is given below;

Verification of OOC	(i)CFS	(i)Before release of Container to Importer.
	(ii)Customs	(ii)By the Customs officer posted inside the terminal before the exit of Container from Port Terminal.
Verification of Delivery Order	CFS	Before release of Container to Importer.
Verification of Container No. Seal No.	Customs	By the Customs officer posted inside the terminal before the exit of Container from Port Terminal.

13. Containers held/detained by investigating agencies:

In cases where OOC is given at the RMS facilitation centre at Chennai Custom House and it is subsequently noticed that the said B/E or any of the containers are under hold/detained by investigating agency like DRI, DIU, SIIB, etc., -prior to delivery from the Terminal Gate, then the said B/E should be taken to the AC/DC (Docks) in charge of the DPD Facilitation Centre by the concerned CB/Importer for cancelling the out of charge and further examining the goods in the off-dock CFS as per procedure. D P D Facilitation Centre will approve the transfer of those containers to an off-dock CFS, nominated by the Importer.

14. Examination based on Interdiction of RMS Bills of Entry:

14.1 Sometimes consignments are selected for examination either on random basis or based on intelligence. The Nos. and percentage of such containers will be decided by Additional/Joint Commissioner in charge of 'DPD Facilitation Centre'. Report of such Containers selected for examination and results of such examination will be submitted by said Additional/ Joint Commissioner to Commissioner in charge of 'DPD Facilitation Centre'.

15. Clarifications:

15.1 Damaged containers or those with tampered seals will not be allowed DPD clearance. These containers will be transferred to the CFS nominated by Importer for clearance under normal procedure as specified in this Public Notice.

15.2 Steamer Agents/Shipping lines should not insist/impose any extra condition on the Importer (Deposits/documents/extra DPD charges etc.) to avail DPD facility. Steamer Agents should not charge any direct/indirect charges for moving DPD containers to Preferred CFS of the DPD importer.

15.3 Permissions/Sampling from Participatory Government Agencies (PGAs) for DPD containers are to be done on priority basis.

15.4 All the importers for whom Letter of Permission for availing DPD facility has been granted may apply in online to DPD portal and register with Port terminals.

16. Monthly reports on DPD:

16.1 Terminal Operators shall submit a monthly report with details of DPD to Addl. Commissioner / Joint Commissioner in charge of "RMS Facilitation Centre" giving details in the prescribed format set out in Annexure D.

16.2 The Importer availing facility of DPD shall submit a monthly report through the registered DPD portal (www.dpdchennaicustoms.in) in the prescribed proforma set out as Annexure E

17. A user friendly app explaining the entire flow process has been displayed in the Chennai Custom House website.

18. 24X7 Clearance by DPD facilitation centre:

The DPD facilitation Centre will work on 24 x7 round the clock.

Any difficulties experienced in this regard may be brought to the notice of the undersigned, immediately.

The above said provisions in this facility circular are effective from 20th November 2017.

This issues with the approval of the Chief Commissioner of Customs, Chennai Customs Zone.

(PRAKASH KUMAR BEHERA)

COMMISSIONER OF CUSTOMS, CHENNAI -IV

To:-

1. The Chief Commissioner of Customs, Chennai Customs Zone.

ANNEXURE-C

NO USE BOND

Bond for not opening of container/Non use of Imported goods, pending NOC from Customs/ PGAs

KNOW ALL BY THESE PRESENTS THAT M/s..... hereinafter referred to as the "IMPORTER" which impression shall unless excluded by or repugnant to the context include their heirs, executors, administrators and legal representatives here by firmly bind ourselves unto the President of India(hereinafter referred to as the Government) to pay on demand and without demur Rs..... (the value of the goods) to the Commissioner of Customs (IV/ Export), Chennai Custom House hereinafter called the "Commissioner" which expression shall include the person for the time being performing the duties of the Commissioner of Customs, Chennai customs, or any officer authorised by him in this regard.

Sealed with our Seal with this..... day of

The Deputy/Assistant Commissioner of Customs (hereinafter called the Proper Officer) has agreed to allow the clearance of the goods described in schedule mentioned below imported by the Importer pending submission of mandatory No Objection Certificate from the respective Participating Government Agencies, i.e. FSSAI, Plant Quarantine and Animal Quarantine Authorities/ Customs scanning & examination clearance as the case may be.

And the proper officer has agreed to allow clearance of the goods pending NOC from PGA/Scanning/Examining docks subject to the Importer binding himself to produce requisite post-clearance NOC from PGA/Scanning/Docks to the satisfaction of the proper officer and upon importer agreeing to furnish such bond as is here in contained.

NOW THE CONDITIONS OF THE ABOVE BOND ARE SUCH THAT:

1. If the importer observes the relevant rules concerning the PGAs and does not tamper with customs seal affixed on the FCL container and further the cargo contained therein is not sold, used, consumed, transferred or dealt within any other manner without obtaining NOC from the respective PGA/customs and subsequently,
2. If the importer produces the NOC from concerned PGA/Scanning/Examining Docks to the proper officer in respect of the goods mentioned in the schedule and,
3. If the importer indemnifies the Customs Department for any loss arising out of any dispute in the matter of NOC from PGA/Scanning/Examining docks and,
4. The importer informs Customs about place of storage and binds himself as much as that in any situation wherein he decides or requires to shift the cargo to any other place, he will arrange to inform the Customs and concerned PGA Authorities about the new place of storage with complete address and telephone no atleast 24 hours in advance and,
5. Importer shall provide smooth and unhindered access to Customs Officer and Concerned PGAs who can at any time verify that customs seals have not been tampered with,
6. In the case of containers that have been moved to the importers premises on execution of this bond pending test reports from PGAs, CSD yard, Examination, the said container(s) shall be examined by the Customs officers if required and penal action shall be initiated if any violations found.

THEN THE ABOVE WRITTEN BOND SHALL BE VOID & OF NO EFFECT OTHERWISE THE SAME SHALL REMAIN IN FULL FORCE AND VIRTUE.

1. This bond is given under the orders of the Central Government for performance of an Act in which the public are interested.
2. The President through the Deputy/Asst. Commissioner of Customs, Chennai or other officer may recover the amount due in the manner laid down in sub-section 142 of the Customs Act, 1962, without prejudice to any other mode of recovery.
